

## **Jacopo Toccaceli**

Vice President of Engineering

Jacopo currently oversees both technical planning and development of the Tehama platform. Under his leadership, the team self-organizes for consistent delivery of the project milestones.

Over the last six years, Jacopo held a variety of Engineering positions in several high-tech startups. In Ottawa based FarmLead, the Engineering team he assembled was critical to raising \$8.5M Series A financing in 2017. In addition to his professional accomplishments, Jacopo also worked as a Vehicular Ad-Hoc Networks researcher for the University of Ottawa.

He holds an MSc in Computer Engineering from the University of Bologna, Italy.
