

Gene Villeneuve

Chief Revenue Officer

Gene Villeneuve is a seasoned IT leader with more than two decades of experience. He is passionate about helping customers and partners adopt technology for better business outcomes. At Tehama, he directs the strategy, market growth and customer success of the cloud-based platform. Before Tehama, Gene held several executive positions at IBM, most recently as Worldwide Director of Lab Services for Financial Crimes Insight Solutions in the Watson Financial Services Solutions division. He has also held European and Global executive roles at IBM, Cognos, SAP (Business Objects) and OLAP@Work. Gene is recognized as a visionary thought leader and is a sought-after speaker for both client and industry events.

Gene has a Bachelor of Commerce from the University of Ottawa.
